One more night of passion
I miss the one I need,
I will never forget the night
Where together, we believed.
I can still hear what you told me
How so perfect I was for you,
And I let you love my body
That repaid you through and through.
I melt in your gentle caress
And when I ache, I call your name,
As you explore within my pleasure
You fall in love and I'm to blame.
I can still recall your hungry touch
And the way you made me feel,
It wasn't sex we had that night

It was love, and it was real.
