Deciding on a Name

Chapter 1 of 1

Sirius and Hermione discuss a name for their child.

"You are insane."

"No, I'm not!"

"You want to name our child *Mercury*? You're not out of your mind!"

"Why is it so horrible? I'm named after a star."

"*Mercury* isn't a name! You want our child to be *Mercury Black*? It's horrible!"

Sirius sighed. "What can I do to convince you?"

She scoffed. "Nothing."

"Come on, sweetie," he begged.

"Don't *sweetie* me! No child of mine will be called *Mercury*!"

Sirius snapped his fingers. "How about *Mercury* as a middle name?"

The air was full of suspense.

She waved her hand nonchalantly. "Sure."

Sirius whooped and hugged his pregnant wife.
