"Gods, Draco," Harry gasped. "That was brilliant."

Draco smiled and gave a breathy chuckle in response.

After a moment or so to catch his breath, Draco garnered enough strength to move and proceeded to lick the evidence of their love making off of his lover's stomach and chest.

Harry sighed happily and tugged on the satin ropes that still restrained him to the bed.

Sucking the last bit of semen from Harry's delicious navel, Draco hummed in satisfaction and crawled up to his lover to share the treat. Harry relented immediately to Draco's insistent tongue and opened his mouth. Soon both men were moaning as they tasted each other and savored the cream Draco had brought into the kiss.

Releasing Harry's lips, Draco stretched languidly and rose from the bed.

"Um, Draco?"

"Yes, Harry?" Draco drawled as he pulled on his nightshirt.

"Can you untie me now?" Harry asked, rustling the bedclothes as he shifted his position.

Draco turned to gaze at his lover and gave him a smoldering look. "When I said I wanted to tie you to the bed and fuck you all night long, Harry, I meant it." Draco smirked and walked to the bedroom door.

"But--"

"*All night long,*" Draco said in his bedroom voice and left the room after he heard Harry's sharp intake of breath.

Draco couldn't help but smile as he walked to the loo. It was going to be a long night.
