Until Next Time

Chapter 1 of 1

Just a short piece I wrote one day at work.

Back pressed against the wall
Hot breath blown against flesh
Leg lifted up to bring one closer
Skin on fire from heated caresses
Sweet bliss coursing through veins
Wet lips seeking salty skin
Hands fisted in thick hair
Names whispered in the night
Promises made
Oaths sworn
Two bodies become one
Years of frustration
Months of tension
It all ends
Then begins again
....Until next time
