## Until Next Time

*Chapter 1 of 1*

Just a short piece I wrote one day at work.

Back pressed against the wall  
Hot breath blown against flesh  
Leg lifted up to bring one closer  
Skin on fire from heated caresses  
Sweet bliss coursing through veins  
Wet lips seeking salty skin  
Hands fisted in thick hair  
Names whispered in the night  
Promises made  
Oaths sworn  
Two bodies become one  
Years of frustration  
Months of tension  
It all ends  
Then begins again  
...Until next time
