Tomorrow's Prayer

Chapter 1 of 1

When all hope seems lost, a reminder to remember tomorrow.

My many thanks to Southern_Witch_69, for giving this the read through it needed.

TOMORROW'S PRAYER

Yesterday's shadow falls from above,

Engulfing sunshine,

I have since dreamed of...

If it wasn't for yesterday's visions,

Unknown,

Visits taken place,

My dreams...

Could have grown!

Control is not mine.

I ask only time.

Yesterday and today...

Are not to be mine...

Might I have hope?

Tomorrow, be mine.

Memories are past

Today is here —

Tomorrow has yet...

To draw near.

It is but a vision,

Images unknown,

My place...

My home.
