## Worthless

*Chapter 1 of 1*

Inside the mind of someone...

Betas: rdholmantx and AnnieTalbot

Unlovable, pathetic

Always wrong, can't do anything right

A joke, that isn't funny

No one really likes, only patronizes

Too needy, clingy

Bad daughter, sister

Mother, wife, friend

Don't want to be alive,

But too cowardly to kill myself

Medicine doesn't help,

People still hate

Paranoid, pitiful

Why bother

I'm worthless
