Chapter 1 of 1

A poem I wrote for one of my exboyfriends.

love has forsaken me
and loneliness is taking over
happiness has deserted me
and sorrow is here
sanity has ceased to exist
and insanity is constant
i had hoped for joy but
hope is gone
only despair remains
trust is broken
and doubt is triumphant
i used to care
but now i'm devoid of emotion
thanks to you
you broke my soul
and left me
crying in the dust

but you didn't realize

or if you did

you just didn't care

i have wounds

only time can heal

someday i may

be happy again

but i will never be the same

there will always be this pain

thanks to you
