A filk of Dire Straits' "Money for Nothing". It's atrocious, and I probably should be shot :D

My apologies to any Dire Straits fans out there.

To set the record straight, I am also a Twilight fan, I just happen to be a bigger Potter fan. I mock because I love.

### **Twilight Thanksgiving**

Now look at them yo-yos, how could they do it

Pushing back the release of our HBP

That ain't workin' for us, they blew it

Twilight Thanksgiving 'stead of HBP

What's up Warner Brothers, why did you do it?

Lemme tell ya, them guys ain't dumb

Gonna get a lot of money in July

Gonna get a lot of money right now

We gotta just keep reading fanfic

Wizard rock, fan vids too-oo

We gotta deal with what WB gives us

Wait until July for our HBP

Instead of wizards we have sparkly vampires

Yeah, Bella, we get that he's "bright"

Both movies have whiny teenagers

Hey, WB, that doesn't make it right

We gotta just keep reading fanfic

Wizard rock, fan vids too-oo

We gotta deal with what WB gives us

Wait until July for our HBP

They shoulda pushed back Twilight

I only support Cedric Diggory

I wanna see Emma's bouncing eyebrows

(mocking because I love it)

And CEOs out there, fat cats lazing

Wanting big money for our HBP

We're stuck, that's the way they wanna do it

Twilight Thanksgiving 'stead of HBP
