This is a tribute to some of my favorites; however, my list is much longer than "Frosty the Snowman" allows. Enjoy!!

Some of My Favorite Fics

Chapter 1 of 1

This is a tribute to some of my favorites; however, my list is much longer than "Frosty the Snowman" allows. Enjoy!!

A/N: Please enjoy this little tribute sung to the tune of "Frosty the Snowman." All the names of the fics are underlined and can be found right here at TPP.

All hail Southern Witch. She is such a lovely girl.

With wand in hand and cloak drawn tight;

She's Breaching the Otherworld.

Mia Madwyn is the pride of Hogwarts teachers,

For her beautiful words that flow like fire

In Care of Magical Creatures.

There must have been some magic in

notsosaintly's quill

For the update to Strega Letteraria

Gave this *brat* such a thrill!

Subversa's Draught of Delicate Poison

Starring that Slytherin we adore

O Sexy Snape with that velvety voice

Kept me wanting more!

Thumpety thump thump,

Thumpety thump thump,

Can you hear that sound?

Thumpety thump thump,

Thumpety thump thump,

My heart when Snape's around.

The brilliant Lady Tuesday

Is such a Bundle of Joy.

I just can't wait

To find out if Snape

Gets a girl or a boy.

O how I hated Lily when she gave Sev

A heart where anger reigns.

But in Livvy's words

His life was restored, and

Now only Love Remains.

I can't leave without mentioning

A Candle in the wind

It's a CharmedForce to be reckoned with

Forging a friendship without end.

I hope you've enjoyed my tribute to

Some fics that I hold dear

For now I'll wave goodbye, but

Don't you cry,

I'll do this again next year!

Thumpety thump thump,

Thumpety thump thump,

Look at potterbrat go.

Thumpety thump thump,

Thumpety thump thump,

Chasing that Silver Doe!

A/N: There you have it. I hope all of you have a prosperous 2009. May the wind always be at your back and the stars shine brightly upon your path... ~*potterbrat*~
