Emotions

Chapter 1 of 1

These are twelve haikus I recently wrote for a writing class I am taking.

Haikus

1. Trees weeping, reaching.

Summer suddenly gone cold.

Life is in despair.

2. The depths of despair,

Loneliness all consuming.

What's the point of it?

3. Fierce warrior, I.

Standing tall, and standing proud.

Never backing down.

4. The life I will lead,

Is completely up to me.

You shall not judge me.

5. Chasing down your dreams.

Wishing for things never seen.

Will your dreams come true?

6. Snowflakes falling down.

Coldness seeps into the ground.

Loneliness everlasting.

7. Dreams come, now dreams go.

The wind screams eternally.

The birds fly away.

8. The clouds drift like sand.

Life quickly whittled away.

I look, questioning.

9. My dog is whining.

I look down, wondering why.

Is it joy or pain?

10. Talking to my friend,

I watch as the world spins by.

Where did my life go?

11. Trees weeping, reaching.

The roots and branches stretching.

Grasping at nothing.
