Chapter 1 of 1

This would be a night they would always remember.

For SeverelyLupine - Pick any canon (married) couple and write their wedding night. Bonus points if it's funny or scary. (Molly/Arthur, Lucius/Narcissa, Bellatrix/Rodolphus, Harry/Ginny, Remus/Tonks, etc.)

"I wish we had time for a true honeymoon," Remus said as he carried Tonks over the threshold and gave her a kiss.

"Remus, you know I don't care about a honeymoon. Just being together is 'nough for me." Tonks gave him a smile and turned her hair bubblegum pink, her favourite colour.

"At least we shouldn't be disturbed here. No one knows where we are, and we should enjoy a nice, relaxing, and romantic wedding night together." Carrying her over to the bed, he laid her down and gave her a passionate kiss. "I have a little surprise planned for tonight. I'll be right back."

After Remus left the room, Tonks made her way into the bathroom and started running water in the tub. She was thinking about how nice it would be for them to start out their wedding night by taking a bath together. It would relax the two of them and be a nice beginning to a night they would never forget.

While the tub was filling, she went back out into the main room and placed some lit candles around the room. They had to be careful about what types of spells they cast, because they were in a Muggle establishment, but they both knew enough to be discreet.

She was just heading back into the bathroom to check the water when Remus came up behind her.

"Are you hungry?"

She hadn't heard him come in, so she was startled and slipped on the water which had spilled over from the tub onto the floor. She lost her balance, grabbed onto Remus for balance, and as a result, they both fell into the tub.

"Well, this wasn't exactly the romantic, relaxing bath I had in mind," Tonks said with a laugh.

Several hours later, Remus lay beside Tonks, watching her sleep. The glow of their lovemaking was still all over her lovely face, and he knew that he had made the right decision when he proposed to her. He wanted nothing more than to spend the rest of his life with her.

He had almost dozed off when screams filled the air, as well as alarms and explosions. In less than two minutes, they were both out of bed and dressed in dressing gowns.

"Help! Please! Someone help us!"

The screams of terrified people filled the inn. Looking out the window, both Remus and Tonks could see an eerie green light filling the sky.

"Death Eaters! We need to get out of here!"

"But we gotta do something to help. Remus, I'm an Auror!"

"I'm not going to leave you!"

Several hours later, Remus and Tonks collapsed into bed at her parents' place. The wedding night they'd had wasn't what they had planned, but for right now they were just happy to be alive and together.
