Chapter 1 of 1

Hermione tries to get Severus to take a shower with her.

'Severus, get your fat arse in here,' Hermione yelled as she disrobed and stepped inside of the already steaming hot shower.

Severus padded through their rooms, looking for Hermione. He finally found her in the bathroom where she was soaping her curvy body.

'Did you just call me—' Severus lost his train of thought as he saw Hermione tweak her caramel-tipped breasts.

'I thought that would catch your attention. Now, take off your clothes and come join me,' Hermione said playfully.

'Give me a reason.' Severus unfastened one of the tiny buttons on his white shirt and waited for her reply.

'How about: I want you and I'm horny.' Hermione smiled and quirked her eyebrow at him as she continued making the familiar trek of her body with a soapy flannel.

'That's two. I only asked for one, my dear.' Severus finished unbuttoning his shirt and let it hang open to reveal his pale chest.

'And what do you intend to do about it?'

Severus toed off his boots and slid his trousers off his hips and joined her under the spray.

'I'll show you,' he said as he moved her chestnut-coloured curls aside and nipped at her neck.
