## Oneshot.

*Chapter 1 of 1*

Hermione maybe a professor, but she's also a dirty slut.

"Open wide, slut," he ordered in his husky voice.

She obeyed, leaning forward, letting his cock slide into her mouth and down her throat. She'd clenched her fists, wishing he hadn't handcuffed her. But they liked it this way. It made everything so much more exciting.

"Oooh, yeah. Suck it, bitch." He moaned, grasping her hair, controlling her movements.

She sucked harder and faster now. All she wanted was to taste his hot spunk sliding down her raw throat.

"Fuck..." He gasped as he pounded her throat, his cock hitting the back of her mouth with every thrust forward.

Without warning, cum flowed from his dick and into her mouth. She greedily accepted the offering, swallowing every drop.

He finally pulled away and lifted her chin. She automatically opened her mouth wide, showing him that she had swallowed all of it. "Good, slut." He grinned. He helped her off her knees, giving her a quick, hard spank before unlocking the handcuffs. "So, when shall we meet again, Professor Weasley?"

Hermione smiled wickedly at him, casting a charm, her robes appeared back on her body, no sign of her recent encounter. "Oh, same time, tomorrow, Mr. Lupin?"
