Chapter 1 of 1

Hagrid sees something unforgettable.

'I can see why it's forbidden now,' Hagrid mused to Harry as he heaped a shovel full of fertiliser into a rusted wheelbarrow.

'Why must that girl carry on like tha' in the Forbidden Forest. I jus' don't see it, and with Argus no less.' Hagrid crinkled his nose in disgust.

'Bleargh! Who'd want to be with Filch?' Harry sputtered as he drank his scorching tea.

'You'd not believe me if I told you.'

'If I can accept Hermione and Snape are married, I can believe almost anything.'

'I saw Lavender and Filch... sn—'

'No, Hagrid. Please don't continue.'
