A private moment between Severus and Remus.

Chapter 1 of 1

A private moment between Severus and Remus.

'So, this is what it has come down to?'

'What?'

'Just a kiss? And all you can say is goodbye? No explanation? Is this it? Don't I...'

'Don't you... deserve more? Yes. A million times, yes. But I—'

'Don't know how? If that's the case, then let me show you now.'

'Can you? I'm not that man and you know it.'

'Severus... Forget regret or life is yours to miss.'

'I've missed so much; including you. My road has been long and dark, and you've been the only light, Remus.'

'Then don't push me away tonight.'

'Say it, please? Say you can, for me.'
