Chapter 1 of 1

I wrote this after one of my friends and I got turned down by a guy in favor of another friend. And I still like the guy.
Pathetic,no?

I think I hate you

But that's just a lie

You should know I love you

I'm screamin' that I never wanna see your face

But that ain't right

'Cuz I really want you

I think I'm insane

'Cuz of the contradictory emotions

I probably am

I don't think you even care

So I'll just leave you alone

If I can
