## DE's Favorite Things

*Chapter 1 of 1*

The Death Eaters version of the song "My Favorite Things"

The Carrows & Fenrir: Bloodshed on roses and dead little kittens  
Bright shiny facemasks and werewolves yet to be bitten  
Wild, screaming Muggles who make my heart sing  
These are a few of my favorite things  
Bella & the Lestrage Bros: Slashes and gashes and Cruciatus flailing  
Torment and torture and pink flesh left paling  
Sweet revel victims tied up with strings  
These are a few of my favorite things  
Lucius Malfoy & Snape: Glory and power and world domination  
Riches and knowledge and enemy humiliation  
So many wonders the future will bring  
These are a few of my favorite things  
ALL DE's: When Harry Potter lived  
When all our plans fail  
When the Order makes me mad  
I simply remember my favorite things  
And then I don't feel so bad!!!!!!!
