Harry is curious

Disclaimer: Not mine. Not now. Not ever.

“So, how *did* you actually break up, Ron?”

“I’d noticed she’d withdrawn over the course of, oh, maybe six weeks. She rolled her eyes at me all the time, especially when we went out for meals.”

“Did you ever ask her what was going on?”

“I did eventually, yeah... And that was the end of our relationship.”

“And?”

“Look, Harry, this isn’t easy for me, okay? Give me a minute...”

“Her words were, ‘Severus is a gentleman, Ron. You are not. Nor will you ever be.’ And that was the end of us. She married him six months after that.”
