## If I Tried

*Chapter 1 of 1*

I might have an idea where this one came from.....

If I tried to tell you  
Everything I feel,  
What would you do?  
Would you understand  
And try to help,  
Or would you stop and stare?  
I wouldn't make sense to you,  
There's no way I could.  
Didn't you see my tries before?  
You weren't listening to me then,  
So would you listen now?  
Are you even listening to this?
