## The Dream

*Chapter 1 of 1*

Someone is having a very naughty dream.

### Do Dreams Come True?

It was the kind of dream where you know you're dreaming. She had experienced this type of dream several times before, but that didn't stop her from thoroughly enjoying it every time.

She's in a pool. Where, how, and why were completely irrelevant questions because she just didn't care. All she needs to know is she's standing in a pool completely naked.

The water's warm and has a slight scent of vanilla. She's leaning against a wall just relaxing in the calm serenity of the quiet. Her eyes are closed and her head back. Hands slowly trailing over her naked body, she rubs against her breasts and gently caresses the nipples. Several fingers trail down her stomach to reach the familiar territory that always needs attention. Reaching her special place, she slowly puts two fingers in and begins a slow circle. She hears footsteps enter the pool area, yet she continues to rub her nipples, and her fingers continue their trek in her nether regions. She feels herself approaching the edge of the abyss. Opening her eyes, she sees him watching her pleasuring herself in the pool with a look of complete attention and a bulge in his pants. She feels the warm liquid in her hands and grins in ecstasy as she withdraws her fingers from herself.

She opens her eyes to look at the man who is watching her as she plays. She flashes a grin at his tightened pants.

"Well, are you going to stare at me all night or are you going to get in here and fuck me?" she asks the dark haired man.

"Oh, I'm going to fuck you, all right; I was enjoying a preview is all," he says as he starts to undress.

She watches hungrily as he removes his clothes. She makes a small noise of impatience when he takes too long. When he has nothing on but boxers, he looks straight at her and smiles.

"Are you ready for me?" he asks with a smirk.

"I was born ready, now get your ass in here!" she replies.

The dark haired man eases himself into the pool and swims to her side. He stands right in front of her and simply looks all over her body, taking her completely in. He moves in closer still: just far enough so they are not actually touching. Eyes roving her body, he finally looks into her eyes. Green eyes meet brown; he moves closer and crashes his lips to hers. The kiss is long and passionate. Opening her mouth with his tongue, the kiss deepens. Her knees buckle from the intensity of the kiss, and it is only then that he puts his hands on her. His strong arms grab her waist to steady her while his fingers slowly graze her stomach. A shiver passes over her, and he smiles against her lips, happy he can make her tremble.

His lips leave her mouth and travel against her jaw line. He kisses the sensitive patch behind her ear and licks it, making her moan slightly. Smiling again, he attacks her neck. Kissing, licking, sucking, and biting her neck, he makes her moan louder than before. His hands continue to travel down to her breasts. Teasing the nipple with his fingers, his tongue trails down her neck to her breasts. He has one hand on her breast while his mouth claims the other. His other arm leaves her waist and travels down past her stomach to the patch of red hair.

Hands slowly making their way down to her wet center, he continues. He puts one finger inside her; she bucks against him, arching herself closer to him. He inserts another finger, making lazy circles; she moans against him, urging him to continue. He feels her start to climax, at the last second he removes his hand. She grunts with anger at being denied certain release. He instead moves his cock to her entrance. She feels him against her thigh; she reaches down and starts groping him. He moans against the breast that he still has in his mouth. She smiles at finally making him moan. She continues her ministrations, making him begin to lose reign of his tight control.

"Stop, I'm about to come," he admits to her, "and I don't want to come just yet. I want to do it inside of you."

She lets go of him, and he pushes himself gently inside of her. She sighs in satisfaction as he slides inside. He waits until he feels her relax and then begins to move in and out. She follows his pace as he starts out slowly and begins to speed up.

After what feels like hours, the beginning of climax approaches, still they continue until he feels her release and releases himself. He collapses on her.

Once both have their breathing under control, they make their way out of the pool. They dry each other off. She has him sit on one of the pool chairs; she kisses him deeply, tongue against tongue. She moves her mouth over his body, sucking and licking his neck, down to his chest, swirling his erect nipples with her tongue, continuing her assault with her tongue against his body. She kneels in front of him, slowly kissing his hard cock, licking it up and down, from head to base, and then takes him full into her mouth sucking him. He wraps her hair into his fist as she continues to suck him.

"I-I'm going to come," he stutters out after several excruciatingly good minutes. Still she does not stop; he comes hard into her mouth. She swallows his sweet juices. He leans up and kisses her, tasting himself as he devours her mouth.

He trades places with her, and he continues to devour her mouth. He attacks her neck once again, leaving her skin burned with his kisses. His tongue finds her navel, continuing his pleasuring assault. He reaches her center. He dips his tongue into her folds and feels her quiver against him. She arches herself to him, making him go even deeper. He inserts two fingers into her clit while his tongue feasts on her pussy. After several minutes of sweet torture, she comes in his face.

He looks up at her and smiles as he moves to kiss her on the lips. They move once again. Lying on her stomach, the red headed woman looks behind her to smile at the black haired man. He trails kisses down her back, ending just above her round and soft bottom. He pulls himself up to her and massages her cheeks. He feels her muscles relax and offers herself up to him. He slides inside, still wet from her saliva, and feels a tight hole. He stops, allowing her to get used to the feeling of his cock buried in her ass. Once he feels her relax, he begins to move in earnest. In and out. In and out. He moves his hand to her front and dips his fingers into her extremely wet pussy. The red headed girl feels overwhelmed with the intense pleasure. Having the man buried deep in her ass and fingering her pussy, she knows she can't last much longer. Her orgasm begins to build to tremendous heights. Within seconds the orgasm hits, unbelievably strong, and both collapse together.

Once their breathing is under control and both can walk without their knees buckling, they sit up from the chairs and leave the pool area. She pulls him into the house and up the stairs. She moves to the door that is to the left of the stairs and opens it.

Inside the room is a huge king sized bed that is occupied by a girl with bushy brown hair and a man with flaming red hair. The two are on the bed completely naked. The red haired man is lying on his back with his legs open and the bushy haired woman on her knees in front of him. She's busy with his cock deep in her throat. The red haired man has his hands tangled in the dark brown curls, holding on as if for dear life. It's apparent that he is near the end. The moaning that can be heard from the other side of the door becomes louder every second. Finally, screaming with ecstasy, the red haired man finishes into the mouth of the woman, who swallows every last bit.

The couple on the bed finally acknowledge the black haired man and the red headed woman. They both smile and welcome the new couple. The brown haired woman gets off the bed and goes to the black haired man and kisses him passionately. The red haired woman meets the red haired man on the bed. He lays her down and moves on top of her. Hand on her cheek, he thrusts his tongue into her mouth. The red headed woman's tongue meets his tongue thrust for thrust. He moves down to her neck, kissing, licking, and biting and reaches a particular spot just below her ear. Continuing down her neck, the red haired man nestles the cove between her breasts and moves to suck her already erect nipples. He sucks the left, biting only to the point of extreme satisfaction, and then moves to the other breast, repeating the tortuous process. Sliding his tongue down to her navel and leaving kisses and burning skin behind, he reaches his goal. He thrusts his tongue onto her clit and begins to eat her out. He brings his hand to her mouth and inserts his fingers inside her already wet pussy. He continues to suck and finger her. He feels the beginnings of her orgasm. He sucks harder and pushes his fingers in and out of her faster and faster. Then he feels her body climax under his ministrations. He reaches up to kiss her again, letting her taste herself on his lips.

They both turn as they hear the black haired man come into the brown haired woman's mouth, who's on her knees in front of the man in the middle of the room.

The red haired man moves again to kiss the woman who is below him and thrusts into her hard. She accepts him and begins to move as one. Hips meeting together, they push hard just to achieve the immense release. Again they can hear the other couple occupying themselves. Turning to look, they see the black haired man holding onto the hair of the woman. He has his cock buried deep into her ass, fucking her unmercifully. The sight of the couple together spurs the red heads to push even harder, making it even more tempting to finish sooner. The red headed woman begins to feel the final approach to release and begs the man to finish.

"Fuck me, fuck me harder, harder!!" she yells to the man. The man answers the woman's plea and pushes with everything he has, and after only a few more strokes the woman reaches bliss. The man only needs another stroke after the woman's muscles tighten around his cock, and he releases too.

Once the red haired man can walk, he gets off the bed. The brown haired woman sits atop the bed and begins to plant little kisses on the face of the red headed woman, who has her eyes closed. The moment she feels the feather-light kisses, her eyes shoot open and gaze dazedly at the woman. The brown haired woman plants soft kisses on her jaw, both cheeks, eyelids, and then her mouth. The red headed woman opens her mouth to let the brown haired woman enter, and the brown haired woman takes full advantage of the permission. The woman continues to plunder her mouth with her tongue and trails her hand down the red curls that signify the entrance to the red head's pussy. She dips her fingers into her pussy and begins to massage the woman. The brown haired woman removes her lips from the red head and starts to make her way south when the red head stops her.

"Wait... I want to taste you, too... at the same time."

The brown haired woman moves to accommodate the request of the red head. Burying her head in between the legs of the red head, the brown haired woman sets herself just above the red head so that she can taste her too. The men, completely forgotten at this point, make a noise of satisfaction at the women, looking completely absorbed by the show. The brown haired woman who enjoys teasing the men looks at them with a mischievous gleam in her eye.

"Do you guys like this?" she asks mock-innocently.

Not being able to communicate, the men simply nod their heads.

"Well, then prove it! Come for me!" she tells them and then buries her head once again.

The women continue to suck each other's pussies until they both come and continue licking even after their orgasmic release. The men begin to wank in earnest, wanting the release that the women had just obtained. They could feel it coming, and instead of catching it in their hands, they simply let go to cover the women who are still occupied with themselves. When the brown haired woman begins to feel the stickiness of come from the men, she sits up and opens her mouth and allows both to bathe her in their release.

The woman gets off the red headed woman and moves off the bed. The red headed woman sits up and looks at the three delicious, sexed men and woman. She gets off the bed and moves in between the three of them. She looks up at the black haired man and kisses him passionately. The red haired man moves behind and strokes one of

her breasts. The brown haired woman comes and moves to other side and slides her mouth onto her unoccupied nipple. The four move to the bed. The black haired man lands on his back with the red headed woman atop of him. She places herself above him and arranges his dick to enter her pussy. She impales herself on his cock. The red haired man moves behind her and pushes his cock into her ass. The threesome move rhythmically together. The brown haired woman continues to suck the woman's breasts and red headed woman brings her fingers to the inside of the brown haired woman. The men fuck the red head until she screams with complete and utter satisfaction. She lies atop of the man and slowly regains her breathing. She smiles serenely at the people who brought her to bliss and back again and again. She closes her eyes, completely spent and completely satisfied.

"Ginny? Ginny? Ginny! GINNY! GET UP OR YOU'RE GOING TO BE LATE TO WORK!" Hermione yells through her closed door.

"I just woke up, Hermione. You don't have to yell anymore!" She pointed her wand at the door, unlocking it.

"Sorry, but you were late last time, and you did tell me to wake you up with any means necessary," she reminds her best friend and roommate.

"I know, but I was having the most deliciously naughty dream, and I did not want to wake up," she informs her.

"Oh, did it have anything to do with a certain green-eyed, black haired wizard we all know and love?" she asks her.

"Maybe," Ginny admits vaguely. "But I rather not say. Anyway, do you think dreams come true, Hermione?" she asks completely out of nowhere.

"I don't know, why?" Hermione asks.

"Because if they do, I would absolutely love for that dream to come true." She sighs.

"Well, what was it about?" Hermione asks curiously, wanting to know what kind of dream could make her friend look so happy.

Ginny simply looks at Hermione, smiles a somewhat mischievous smile and moves to the loo. Yes, she thought, maybe dreams do come true.
