Inkblots

Chapter 1 of 1

Ginny questions Hermione about a rather odd stain...

"Mione?"

The young woman turned to Ginny.

"Um, I know you're a nerd with books and things, but *just how* did you get ink *there*?"

"Where?" Baffled, Hermione searched for the stain.

"There." The girl pointed to her bum, just below her swimsuit.

Hermione reddened. "Oh, um, Crooks spilled some yesterday, and I accidentally sat in it. Positively soaked my robes," she added glibly. But her eyes slid over to Severus. For once, it was just as well he wore shirt and trousers at the beach. It certainly wouldn't do for anyone to see exactly where *he* had ink stains.
