## Let it Go

*Chapter 1 of 1*

Third annual Christmas Filk. A reminder of why we're obsessed with the Harry Potter Books.

AN: Welcome to my 3rd annual Christmas Filk! I've decided to gift this one to Pearle. I know that you haven't had a lot to smile about these past few weeks, so if this silly little filk can raise a corner of your mouth, then I have done my job. We love you! This little filk is an idea that popped up after a discussion over on Potter Place and I know you would have had a LOT to say on the matter.

This should be sung to the tune of "Let it Snow."

Oh the end of DH was frightful.

Snape alive would be delightful.

Since we can't change what she wrote;

Let It Go! Let It Go! Let It Go!

We can still take comfort in fan fic,

There are many from which you can pick,

Most are well done, but some just blow

Let It Go! Let It Go! Let It Go!

We dream up places where Snape could be.

Like loving Hermione and holding her so tight.

They would live in a cottage by the deep blue sea

Then everything would be just right.

Let's not forget who started it all.

Because, my dears, we are having such a ball.

If it wasn't for her, we wouldn't love Snape so

Forgive Jo! Forgive Jo! Forgive Jo!
