"You will never hurt anyone again!" Molly Weasley shouted, her eyes flashing and her wand shaking with anger.

"Oh look, the blood traitor is going to hurt me!" Bellatrix cackled. "You can't use *Avada Kedavra*!" She shot off more hexes at Molly and the rest of the Order of the Phoenix.

"Oh, no, death is too good for you!" Molly yelled, raising her wand and firing off a powerful spell.

"It looks like we have a delivery," the man said to his partner.

"Oh, good. I've been waiting for this." The second man opened the crate. "I know I ordered this, but I don't recognize the company."

Inside the crate was a Lestranger toilet, and the packaging label said to deliver it to the King's Cross station.

Prompt from HermioneDiggory: Bellatrix is bested in battle when her opponent transfigures her into something. What is she turned into, and who did it?
