Chapter 1 of 1

Lucius Malfoy has an unexpected visitor.

Disclaimer: They're not mine.

"Tell me again, Miss Lovegood, why you are here?"

"Well, Mr Malfoy, I was out in the nearby woods searching for fumblefooted fluffy fooples – they are nesting right now, you know – and an idea just came to me out of the blue."

"An idea?"

"More an inspiration, really."

"And this is why you are here at Malfoy Manor, dressed in little more than a few turquoise feather boas?"

"Exactly. I knew you'd figure it out. You have that sort of mind."

"Figure out what, exactly?"

"That we're made for each other. Why, our hair even matches!"

"Miss Lovegood... Luna... Mmmm."

A/N: Saturday night drabble for karelia, who wanted: fluffy fluff with Lucius, Luna, and a turquoise boa. Her wish is my command.
