

# Words Unspoken

*by earth\_fae*

Remember the things you've said and promised, because there might be someone  
who does.

## Forgotten

*Chapter 1 of 1*

Remember the things you've said and promised, because there might be someone who does.

Words spoken  
Forgotten like promises  
A lover's kiss  
Fades with the dawn  
Tears drop as rain falls  
Life goes on  
Hearts to stone  
Apathy paints it grey  
Without water  
The rose will wilt  
Blood red petals fade  
Leaving thorns to prick  
They shed blood lost  
Tears to rain  
Fears to pain  
Hearts returned  
But haphazardly so

Words unspoken

Remembered like promises

A lovers kiss fades with dusk
