Chapter 1 of 1

Remember the things you've said and promised, because there might be someone who does.

Words spoken

Forgotten like promises

A lover's kiss

Fades with the dawn

Tears drop as rain falls

Life goes on

Hearts to stone

Apathy paints it grey

Without water

The rose will wilt

Blood red petals fade

Leaving thorns to prick

They shed blood lost

Tears to rain

Fears to pain

Hearts returned

But haphazardly so

Words unspoken

Remembered like promises

A lovers kiss fades with dusk
