*Chapter 1 of 1*

Hermione is worried that Severus is not satisfied.

Disclaimer: The characters are definitely not mine. My bank manager would vouch for that!

"Severus?"

"Yes, dear?"

"Do I not satisfy you any more?"

"What on earth makes you say that, woman? Did I not appear satisfied twenty minutes ago?"

"Yes, but..."

"But, what?"

"But if I'd satisfied you, you wouldn't be doing that."

"Doing what?"

"What you're doing now."

"Talking to you?"

"No... that."

"WHAT?"

"What you're doing under the covers. That."

"I'm not doing anything under the covers."

"But..."

"What?"

"What's making that rubbing sound and rocking the bed? I thought it was you... you know... masturbating."

"Masturbating? Hermione, I've told you your libido will be the death of me. Why would I ever need to masturbate?"

"Well, if it's not you, then what is it?"

"I must admit, I thought it was you. I didn't like to embarrass you by commenting."

"Severus! Do you really think I'd do that right beside you?"

"What? You'd do it when I'm not around?"

"Yes... no... maybe... no! Stop laughing. It's not funny!"

"Watching you blush and get all flustered is very amusing, my love. What's it to be? Yes or no? Because if it's yes, I'd really like to watch."

"Pervert!"

"Hush! It's started again. I think it's coming from under the bed."

...

"CROOKSHANKS!"
