Magical Death Eater Bingo

Chapter 1 of 1

Eliminating the unwanted, one square at a time.

"Bingo." Lucius Apparated into the bingo cave with his parchment. Eliminating Aurors and Mudbloods had ensured his score.

He looked around. Others had also scored. *Not Severus...*

Severus smirked when a square was revealed and Disapparated.

Hermione screeched at the pop of Apparation.

"Guess who's on that square?"

Her head turned; her eyes widened. "Who?"

His lip curled. "Didn't you want to leave? Let's—before I have to cast Crucio on you to score."

"Let's." His lips crushed on hers as he Disapparated them away from the vicinity of the Dark Lord's obsession to eliminate anyone unwanted with Bingo.
