Hell's Kitchen

Chapter 1 of 1

The Wizarding Wireless Network's new show doesn't go quite as planned.

'And now, on the Wizarding Wireless Network, we are proud to present a new series: Muggle Masterchef. My name is Rita Skeeter, and I am live here at Hestia's Homeware in Diagon Alley where our very first guest is celebrity chef Mr Gordon Ramsay, who will be whipping up dragon fillet in a red wine jus. So, over to you, sexy... I mean Mr Ramsay!'

'Dragon fillet? You must be f***ing joking, love! You come into my Michelin starred restaurant, rip my ovens out of my Michelin starred kitchen, force me into some voodoo Alton Towers ride through green fire, for f***'s sake, and now you want me to cook f***ing dragon! Without f***ing electricity! I'm Michelin starred, for f***'s sake. You'll be hearing from my agent... What do you mean, you don't have a f***ing telephone?'

'Well, that's lovely, thank you, Mr Ramsay. And next week's celebrity chef will be Jamie Oliver, who will be investigating exactly what your children are eating at Hogwarts School of Witchcraft and Wizardry, and cooking us some pukka pumpkin pasties!'

A/N The prompt from MuseAmusant was: TV chef Gordon Ramsay; Diagon Alley; dragon fillet.

Alton Towers is the best-known theme park in England.

Hestia was goddess of the hearth, domesticity and family in Greek mythology.
