## Darkness Within

*Chapter 1 of 1*

In the moonless night,  
I call for thee.  
Behind the stars,  
And beyond the sea.  
I call for thee,  
In the mist of clouds.  
Where faces go,  
To meet their Faust.  
In the mist of clouds,  
I call for thee.  
Where ever you are,  
Return to me.  
I call for thee,  
In the moonless night.  
I need you here,  
To return the light.
