Introduction To The Potters

A/N: Yes, yes I don't own any character. Except Ariana of course. Hope you like it. It's my first story, so if you see any mistakes, make sure you tell me.

Mr. and Mrs. Potter of Potter Manor, Phoenix Lane, were proud to say that they were perfectly not normal, thank you very much. They were the last people you'd expect to be involved in anything regular or boring because they just didn't hold with such nonsense.

Mr. Harry Potter was a tall, thin man with messy black hair with a lot of youth present in him. He was the Head Auror of the Ministry of Magic. Mrs. Ginevra 'Ginny' Potter was an equally tall woman with long reddish-gold hair and a good sense of humor. But a woman not to cross if in anger. The Potters had three children, each one different from the other.

James Sirius Potter was a real prankster, just like his late grandfather. He was the exact replica of James Potter, after whom he was named. With messy black hair and hazel eyes, anyone who saw him could say that he really was James Potter Jr.

Second in line was Albus Severus Potter. The quietest child of twelve, Al looked just like his father. Messy black hair and bright green eyes, his nature though was his mother's. Of all the Potter children only Albus has his father's eyes.

The youngest child of the Potters was Lily Luna Potter. She had the red hair of her mother and the blue eyes of her maternal grandfather.

Although the Potter family finishes here, there is a missing child of them born before Lily.

A/N: If you ask me what was that, I'd say it's the trailer only, folks!
