Something I wrote in a haze!!

## Don't protect me so much

*Chapter 1 of 1*

Something I wrote in a haze!!

let me bear some sorrows  
let me stay alive inside  
my eyes will dry out  
let some of my tears flow  
a smile on my lips  
a tear in my eyes  
i have everything now in my life  
but why is it  
that I cannot bear a moment without you  
in my sleep  
in my dreams  
let me sleep in your arms  
let me bear some sorrows  
let me stay alive inside  
that face of yours  
the way you cock your head  
that quizzical look

the moments that I spend with you  
let me treasure them for a little while  
let me dream  
let me stay alive inside  
let some tears flow  
lest I forget how to cry
