Pink

Chapter 1 of 1

Severus is surrounded by pink. 100-word drabble

Disclaimer: not mine, just playing around making Severus' life as I think it should be.

Here's part three of my little series:

Pink

Severus Snape, Potions Master, Order of Merlin (First Class), Hero of the Light, Greasy Git, Bat of the Dungeons, and most feared professor at Hogwarts School of Witchcraft and Wizardry, could not stop smiling at all of the ... pink. It was everywhere! Pink walls, pink bedding, pink rocking chair cushion, pink curtains, pink rug, and a small pink teddy bear from Sebastian. But, most importantly, Severus could not stop smiling at the pink blanket in his arms, holding his pink baby girl. In all black he was a stark contrast to all of the pink, and he was happy.

AN: Thanks for reading the continuation of my little Snape family. This has no beta so any mistakes are all mine. Please review so I know what you think!
