

Five Men

by Kaesepaetzle

Why are these guys so attractive??
Views on five different men Hermione is attracted to.
But please don't see it as *one* situation;-)

Chapter 1 of 2

Why are these guys so attractive??
Views on five different men Hermione is attracted to.
But please don't see it as *one* situation;-)

Severus

He's self-destructive,
Aloof in times of darkness
-I feel attracted

Draco

He's self-important,
Arrogant and stand-offish
Why is he so hot?

Blaise

He's self-sufficient
Attracting girls at first blush
-So mysterious...

Viktor

He's not self-praising,
Approaches are made easy

-In spite of his fame

Ron

He's self-deprecating,
Annoying most of the time.
-There to cheer me up...

Chapter 2 of 2

This is the first version of "Five Men".

I must confess, that I forgot how a haiku works...*blushes*

Severus

Aloof in times of darkness
And self-destructive
But that's the fascination

Draco

Ambition distinguishes him
Though self-importance
And arrogance countervail

Blaise

Attracting girls at first blush
Always self-absorbed
-Unsolvable mystery

Ron

Annoying most of the time
Self-mocking at times
Cheering me up anytime

Viktor

Approachable and caring
Never self-praising
In spite of his famousness
