## Shattered

*Chapter 1 of 1*

What do you do when the pressure to be perfect becomes too much? HG/SS

I'm losing control

I'm losing my mind

I can't do this

Now is not the time

Emotions circling

So close to the surface

Can't let them break through

Now is NOT the time

Calm and collected

Always in control

You're so strong

You can handle

Anything

Why can't they see?

I'm falling apart

I can't do this

I can't be like this

I can't cry  
I don't want to cry  
Why am I crying?  
What is this inside?  
So close to the surface  
Waiting...  
For the wrong moment  
To come out  
Why me?  
Why does it hurt?  
Why do I feel?  
I DON'T WANT TO FEEL!  
Turn it off  
It's not appropriate  
Have to be in control  
Shorten the leash  
I don't want praise  
I want to be adored  
I want to be ignored  
Leave me alone  
Why must I shine?  
Why do I try?  
Why do I work  
So HARD  
For acceptance  
I don't want?  
I don't care  
What you think  
But I want you to like me  
Why does it hurt?  
Why am I here?  
WHAT DO I WANT?  
What do you want?  
What can I do  
To impress you?  
Have to be perfect  
Have to do everything right  
No room for mistakes  
Anything less than an O is a T  
Why me?  
Why me?  
Why me?  
Did I ask for this?  
Did I ask to be smart?  
Did I ask to have talent?  
Did I ask for any of this?  
Make it stop!

Make it all go away!  
Leave me alone  
I don't wanna be alone  
Hold me  
Tell me you love me  
Lie to me  
Tell me it'll be alright  
Tell me there's a reason  
Let me out!  
Let me go!  
Make it stop!  
No more emotions  
No more feelings  
No more hiding  
Lock it up!  
Lock it away  
No one cares  
It doesn't matter  
You don't matter  
I don't matter  
Let me die!  
I don't want to die  
Why does it hurt?  
I don't WANT to feel!  
Go away  
Get out of my head  
Get out of my heart  
Get out from under my skin  
I've got my own little worldview  
I think outside the box  
I'm still inside a box  
Mine's just bigger  
Than everyone else's  
I feel sick  
I can't deal  
But I do  
Take those lemons  
And make lemonade  
Hold on to it  
Let it go  
Head's not on straight  
Straighten it out  
You have to think this way  
No, be yourself  
I'm looking for approval  
That I don't want  
Why can't you just leave me

Alone

In my own little world
