Silhouette

Chapter 1 of 1

Call it a meeting of minds... and other things... An encounter between Hermione and Snape.

Meeting eyes

Slowly take in all

A meaningful look

Is exchanged

Moving closer

Fearful

Yet

Anticipating

A hand moves out

A finger gently traces

The contours of a chin

The hand is taken

Gently turned away

Kissed on the inner wrist

Eyes meet again

The hand gently cups a face

Pulling closer

The other hand moves around a waist

Two hands resting lightly

On a chest

Closer still

Heads turned

Eyes closing

Lips meeting

Lightly

Slowly

Again

Hands clasped behind neck

Arms tight around waist

Closer

Two melding

Into one

Hands tracing

The contours of backs

Arms

Shoulders

Chests

Hips

Thighs

Discovering

Exploring

Slowly

Gently

Zippers sliding

Buttons undone

Clothes forsaken

Inhibitions forgotten

Discovery begins

Anew

They speak

With hands

And lips

Not a word

Escapes them

They hold each other

Tightly

Afraid to let go

And break the spell

Slowly

They fall to the floor

Showering kisses

They join

Blessed Union!

Moving as one

They climb an insurmountable peak

They reach the summit

And fall back to earth

Soft kisses

Gentle caresses

Not a word

Is spoken

But the meaning

Is understood

Love.
