If you love someone, let them know! Don't leave them guessing. A tribute to Captain Traemel's SS/HG story 'Second Chance'.

Why do you insist
On hiding your true feelings
If they will only bring
Fresh sorrow
Onto an already tortured soul?

-

She loves you
With all her heart,
But she doesn't trust easily.
Don't let her
Walk away
Due to your own selfish pride.

-

Every time you try to
Convince yourself of your
Indifference to her,

You shatter

Her heart

Into tiny little pieces.

-

She won't stay here forever.

Soon she will move on

To someone who

Will tell her

Once in a while

That he loves her.
