## Together and Pain...

*Chapter 1 of 1*

The pain felt, then upon yourself, together you'll survive...

You turn away from me,  
After I have seen you,  
your scars,  
Afraid of me,  
My reaction.  
Your hurt,  
Your pain,  
I don't know it,  
I try,  
You're lost to me.  
I don't know,  
Understand,  
Or am able,  
You push me away,  
Farther.  
You fear of being exposed,  
Your loneliness,

Your pain,

You hide,

From me.

Now...

I've seen it,

Been there,

Experienced it,

You didn't know,

You try.

Together,

Farther,

Go beyond the pain,

The hurt,

Never ending.

The nightmares,

They hunt us,

We try,

Together,

We'll make it.

Years of,

Alone,

Pain,

Fear,

Anger.

We'll overcome it,

Together,

Not alone,

Never,

It will be there like a scar, but not a pain just a memory.
