Just what are Hermione and Severus talking about? All will be revealed...

Poppycock

"Oh, poppycock!"

"What's poppycock?"

"Never mind."

"But I **do** mind."

"Well, you shouldn't."

"But I do!"

"Well, just... don't!"

"Don't what?"

"Don't worry about it."

"Worry about what?"

"Errm..."

"Oh."

"I have a slight problem."

"With, with... that...?" she asked, pointing.

He blushed. "Yes..." he said reluctantly.

"Can I have a look?"

"I beg your pardon?"

"I asked if could I have a look. I might be able to help to sort out your problem."

"I daresay you could."

"So what's the problem?"

"It's my *wand*..."

"Aww, shall I kiss it better?"

"Do I really have to dignify that with an answer?"

"I would hope so."

"Well, I'm sorry to disappoint you, but I'm not."

"Please?"

"No! Just please help me with my wand!"

"All right, all right! Don't get your wand in a knot!" She giggled.

"Oh, ha ha."

"Exactly. Now, what's the matter with your wand?"

"Well, recently I've had some trouble *performing*."

"I see... and when did you first start having this problem?"

He paused. "A few days ago..."

"Uh huh. Have you participated in any strenuous activity or been under much stress lately?"

He went to answer, and then his eyes widened as the realisation hit him that she was not talking about your everyday wand.

"Are you insinuating that I've got problems *down there*?"

"I wasn't insinuating."

"Well, that's not what I was talking about."

"Oh... I see... Oh, poppycock..."

A/N: Another inspired one shot thanks to Mrs_D_Radcliffe. It's all her fault. :p. Anyway, please R&R, and I hope you enjoyed! Not as amusing I think, but I'm interested as to what everyone has to say. AOP
