No profit is being made from the use of these characters and situations; these written-down imaginings are only presented in an internet forum for the interest of and consumption by like-minded individuals who enjoy them and recognize them as unauthorized fanfiction only, and are not in any way meant to be confused with the originals nor presented as authorized materials of these owners.

Slughorn stared at the naked, spreadeagled form of his colleague on the examination table. He cast a spell that washed over Snape's erection and watched as his penis deflated slowly to limp flaccidness.

"Hmm, well, I see why you were reluctant to take this to Poppy Pomfrey, Severus," he mused. "That charm I put on will give you some relief, but it's only short term. You'll need to break the curse that caused the Priapus for a permanent cure. It's very rare..."

"Never mind that, Slughorn," Snape snarled back. "The question is, how do I break the curse? My damned cock keeps getting erect, and I end up ejaculating every half hour or so! I'm worn out and there's no way I can sit through a class."

Slughorn moved to his desk as Snape got off the examination table and began to put his clothes back on.

"There's only one thing I know of that will break the Priapus curse," he answered. "You need to find the wizard or witch who cast it and have sex with that person."

"WHAT? But that could be any one of thousands of people, men, women, Dark Lords, monsters, horny Purebloods, randy werewolves..."

Slughorn looked surprised. He smiled indulgently at the pale, greasy-haired, ugly wizard in front of him. "But, Severus, I wouldn't have thought you'd have that many admirers, not to put too fine a point on it..."

Snape cast him a nasty look. "You haven't been in Fandom long, have you, Slughorn?"

End.

Author's note: this story was inspired by the art of rexluscus, at:
