Spare the Rod

Chapter 1 of 1

Hermione enjoys punishment.

"Did you really expect to get away with this?"

"Certainly not. If I believed I could do this unpunished, I would not have come strolling in here, shoulders bared, fresh love bites uncovered."

Lucius scowled at her. "You *will* be punished. You will *not* allow a filthy Weasley to put his cock in you. I will not have you acting like some common whore."

Hermione picked up his cane, tossing it to him.

"Spare the rod, Lucius." She pulled her robes up around her waist and bent over the bed.

Lucius smirked, looking at her bare arse. "Spoil the child."

End.
