

# Human Blood

*by i lust snape*

This is about vampires (surprisingly). It might not be direct as to what's happening, but I hope you like it.

## A New Life

*Chapter 1 of 1*

This is about vampires (surprisingly). It might not be direct as to what's happening, but I hope you like it.

Running through the woods  
Wind blowing the leaves  
An eerie mist covers  
the ground  
Footsteps crushing the leaves  
and growing closer  
Leaping over tree stumps  
Jumping on rocks  
Footsteps growing closer  
Shattering screams  
fill the air  
Chills running  
through me  
Darkness covering the light  
The moon coming through  
the clouds  
Bats flying through the air

Shadows moving

Footsteps growing louder

Laughs filling the air

Growling coming from

behind

Looking back

Their movements are

fluid and graceful

Looking forward

Tripping and falling backward

One has arrived

Leaning down

Smiling maliciously

with pointed teeth

Eyes full of hunger

Leaning closer

Head tilted

Fangs growing

Feeling the cold breath against my neck

Puncturing the skin

Blood running

down the skin

Leaning away

Eyes glowing

A hunger fills the air

A new hunger

Human blood

Needs to be tasted

A life

A new life

A better life

A hunger for human blood
