This is random in a way. My friend and I were exchanging poems and what not, and she liked this one. I hope it's good.

I'll Show You

Chapter 1 of 1

This is random in a way. My friend and I were exchanging poems and what not, and she liked this one. I hope it's good.

You tell me a secret
I'll tell you one
of mine
You tell me the truth
I'll drown you in lies
You bring the light
I'll bring the night
You show me a scar
I'll show you mine
and say which is worse
You show me yours
If I show you mine
I'll tell you what
I think of you
if you promise
not to tell
You bring the joy

I'll bring the sorrow

You bring life

If I can bring death

You bring warmth

If I can bring the shadows

I'll bring eternity

If you can stay with me
