# In the Darkness

*Chapter 1 of 1*

I was going through a weird time when I wrote this; it?s alright, but it?s not great.

The words that you say  
Makes me wish I was dead  
Bury me  
In the darkness  
Bury me  
In the cold  
Down  
Down  
Down  
You want me to suffer  
Down  
Down  
Down  
Things will never change  
Bury me  
It's my time  
Bury me

It's alright

Don't let it go

It's alright

Don't let it go

It's alright

Bury me

In the darkness

Bury me

In the cold

Down

Down

Down

You want me to suffer

Down

Down

Down

Things will never change
