Chapter 1 of 1

Angsty love gone bad empowering song...

is that over the top?

All I Got Left

Like a freight train,

You run away; takin lives

But you won't take mine this time

But you won't take mine this time

It's all I've got left

You left me a shattered mess

Could barely pick up the pieces of myself

But you won't pick me up this time

No, you won't pick me up this time

I'm already up.

Don't look into my eyes

Don't tell me it's alright

You have no power over me

'Cause I don't believe

You walked in that door

Such a long time ago

You said you'd never leave

You said you'd never leave

But you were already gone.

I remember those words you said

That caused me so much hurt

I don't believe you this time

So don't say it one last time

I've heard it all before

Don't look into my eyes

Don't tell me I'll be alright

You have no power over me

Cause I don't believe

I don't believe in love

Don't believe in your love

I'm leaving you now

Can't stop me anyhow

I'm walkin out that door

So look into my eyes

I'll always be just fine

I am a power to myself

I'm all I got left
