## With Just Two Words

*Chapter 1 of 1*

The power of two words.

*With Just Two Words*

*With just two words*

*Two lives were ended*

*And snatched away*

*From the son they tended.*

*With just two words*

*A gardener did fall*

*And lay still inside*

*The Riddle house wall.*

*With just two words*

*At a Hufflepuff boy*

*Peter Pettigrew took*

*Amos Diggory's joy.*

*With just two words*

*And a face full of hate*

*Snape pointed his wand,*

*Sealing Dumbledore's fate.  
With just two words  
Voldemort sought to end  
The love of Ginny's life  
And Ronald Weasley's friend.  
But he stopped dead short;  
He was unable to speak  
Those two fatal words  
His knees became weak.  
For surrounding Harry Potter  
Was a magic he never knew-  
The love and the encouragement  
Of all his friends true.  
So the curse, it rebounded  
And his life was at an end.  
Harry Potter had been saved  
By the love of his friends.
