

This Time

by Firewhisky

Just a little ditty about heartbreak... It has a happy ending, though.

Chapter 1 of 1

Just a little ditty about heartbreak... It has a happy ending, though.

It's fine.

This time, I find,

My heart waiting and cooperating.

But I had to fail to get this far.

I had to fall and shatter.

Not every piece was found,

Not every fracture fixed,

But I'm everywhere now,

Loving you to bits.
