Your Cherished Deficiency

Chapter 1 of 1

Love's perfect flaws.

Two damaged lovers,
So desperate for one another.
One has no mouth,
The other, ears of steel.
One caresses with gentle hands,
The other, cannot feel.
The one with perfect beauty,
Guides the one with no eyes.
One bares pain with a smile,
The other is happy when she cries.
“Speak openly, passionate lover,
Tell me your every thought.
Nothing will be judged.
In you, I find no fault.”
“Touch freely, gentle lover,
Caress my skin all day,
You will find no rejection ,

I will never push you away."
