## Toronto!

*Chapter 1 of 1*

Filk of Toby Keith's "Stays in Mexico." What if Snape thought it might be a study of recent history, Hermione never meet a book she couldn't read, and both ended up at Prophecy 2007?

JKR and various co-conspirators own the characters, their fictional world & related trademarks. Toby Keith owns the music, original lyrics ("Stays in Mexico") & associated rights. HP Education Fanon, Inc. owns Prophecy 2007: From Hero to Legend & etc. I pretty much own nothing, except my computer.

This was "composed" during a fit of silliness while contemplating what might happen if Snape & Hermione showed up in Toronto this summer. I mean no offense, especially the fine folks who have organized Prophecy ([www.hp2007.org](http://www.hp2007.org)). I'm sure nothing vulgar will happen at their event... Not that I'd be complaining!

~~~~~  
His name was Severus.

She was Hermione.

*(spoken)* "What precisely are you doing here, Miss Granger?"

They met at the ball during twenty-oh-seven Prophecy.

He was a Potions master, retired from Hogwarts.

She was a first-class brain and she studied subjects of all sorts.

*(spoken)* "Professor? How--? Wha--? Yes, I would like to dance."

They started dancin' and it got real hot. Then it spilled over to the parkin' lot.

One more tequila, they were fallin' in love. One more is never enough!

(Chorus)

Don't bite off more than you can chew.

There's things out here ol' Voldy himself wouldn't do.

Just remember when you let it all go:

What happens up in Toronto stays in Toronto!

He woke up in the morning feeling like he'd never lived before.

Bound and determined to kick that Weasley fool straight out her door.

She staggered to the shower with a heavy, hung-over mind.

*(spoken) What am I doing?*

She can't believe they went and crossed that line.

Back in the common room they started snoggin' some more,

Cuddled up together watchin' movie Four.

One more margarita they were fallin' in love.

One more is never enough!

(Chorus)

Don't bite off more than you can chew.

There's things out here Moldy-Voldy himself couldn't do.

Just remember when you let it all go:

What happens up in Toronto stays in Toronto!

Oh, Toronto!

Waitin' at a bar near the Portkey gate,

She said, "Sev, I gotta go. You know I can't be late."

He said, "One more tequila before you grab that earmuff."

She said, "One more is never enough!"

(Chorus)

Don't bite off more than you can chew.

There's things out here ol' Voldy himself wouldn't do.

Just remember when you let it all go:

What happens up in Toronto stays in Toronto!

Stays in Toronto.

Stays in Toronto.

Toronto!
